

## A Russian Art Exhibition

Between January 23rd and February 12th EE Fine Art will present a group exhibition displaying exceptional work by three Russian artists whose shows are spanning the globe. Besides being aesthetically appealing the artists' exquisite work is undoubtedly a good investment. Anna Demovidova, who completed a B.F.A., modulates her figures in strong colours and accentuated shadows. Also Oleg Sheludyakov, a member of the International Federation of Artists, focuses on the human body and its expression in different styles reminiscent of expressionism and medieval painting. Mikhail Evstafiev, whose work is in public and private collections worldwide, depicts expressionistic land- and cityscapes that are absolutely captivating and evoke a sensation of density and activity.
